

DARROW CLOSES ELOQUENT PLEA FOR LENIENCY

Mingles Pleadings for Mercy With Tears and Poetry

CHICAGO, Aug. 25. (AP)—Pleading for the future, for posterity, for the progress of law and for "that time when we shall realize that mercy is the highest attribute to man," Clarence S. Darrow, 67 year old philosopher of the courts and foe of legal rigidity, ended today his three-day argument for the lives of Nathan F. Leopold, Jr., and Richard Loeb.

Mr. Darrow brushed tears from his eyes several times as he entreated for "that noble quality of mercy with which we may eventually overcome cruelty and hate and malice with kindness and gentleness and love."

He disliked his own tears and disposed of them with as little show as possible.

There was visible emotion among some spectators and Judge John R. Caverly flushed as he pressed a pencil to his lips. Neither Leopold nor Loeb moved but they centered on their aged lawyer looks of unwavering interest and the former touched Mr. Darrow's sleeve as he passed him going out of court.

He indicted the age in which we live for cruelty. He indicted war for callousing the hearts and sympathies of men. He indicted the educational system under which "young, plastic minds" are given the pagan philosophies of all times. He spoke with scorn of the tendency of jurists and lawyers to move in ruts of legal terminology in utter disregard of the advances of science and the advancement of thought.

Weird Mentalities
He pointed to the "weird mentalities" of his clients and the "irrational, mad and horrifying" crime which they contrived as the product, and the former responsibility, of ages gone.

He characterized as "an ancient superstition and nothing more" the theory that hanging is a deterrent to crime.

"Hanging grew up in the age of barbarism from which we are so lately come as an exhibition—not a punishment," he said.

He brought together, in impressive design, multi-colored threads of legal history, philosophical criticism, scientific accumulations, in the field of the psychology of youth hand a liberal portion of old fashioned soliloquy.

He reached to the scriptures for inspiration and support and quoted poetry at intervals in a studied attempt to bring his appeal to the heart of Judge Caverly, who must decide the penalty for the kidnapping and murder of Robert Francis.

"I am pleading for life, for charity and kindness, and for humanity," he said.

"I am pleading for the overcoming of cruelty with kindness and love. Your Honor stands between the past and the future. I know that the future is with me and I am pleading for it. I am pleading for a time when hatred and cruelty will not control the hearts of men, when we shall realize that mercy is the highest attribute of man."

Never in the history of the local courts, Mr. Darrow told the judge, has any culprit under 24 years of age been hanged after a plea of guilty.

"I do not know how much salvage there may be in these two, poor, diseased minds," he said. "It might be merciful for your honor to tie a rope around their necks and let them die now. It might be merciful to them, but certainly not to those who come after them."

The salvation of youth is the highest attribute of the state, Mr. Darrow argued and characterized the hanging of several Chicago boys after jury trials as "a shame and a disgrace."

"Juries have not the wisdom and mercy that come from age and experience," he apostrophized, adding that if Judge Caverly "decorates the gallows" with Leopold and Loeb it would be "in

EIGHT CHARGES ARE PREFERRED AGAINST PUGLIST KID M'COY

Include Murder, Assault and Robbery — Officers Hunt Jewels

LOS ANGELES, Cal., Aug. 25. (AP)—The McCoy-Mors death and jewel robbery case marked time today while lawyers for the prosecution and defense of Kid McCoy dug the first legal trenches in the battle centering about one charge of murder, three of assault with intent to commit murder, and four of robbery charged up against the former prize ring idol.

McCoy came into court to plead on the charge that he had shot and killed Miss Theresa W. Mors, divorced wife of an antique dealer, Albert W. Mors, and on the seven other accusations growing from his alleged promiscuous shooting the morning Mrs. Mors' body was found, but the legal talent on each side locked in an argument and the pleas were postponed until Thursday. The prosecution introduced a motion to add the name of McCoy's sister, Mrs. Jennie Thomas to the list of witnesses on the grand jury indictment. The defense objected and the arguments, with the plea went over for three days.

Meanwhile federal officers still are trying to find trace of the missing Mors' jewels which New York authorities say were smuggled into the United States and concerning which Albert A. Mors denies all knowledge.

S. GLENN YOUNG BOND DECLARED FORFEITED IN CASES AT HERRIN

Fails to Appear for Trial on Three Charges — Is in Hospital

HERRIN, Ill., Aug. 25.—Three cases were called on in the Herring city court today against Harry Walker and Carl Neilson, co-defendants of S. Glenn Young, Ku Klux Klan liquor raider on charges growing out of the rioting here February 8 last, and the bonds of Young in the three cases totalling \$5,000 declared forfeited because of his failure to appear in court. Young is now in an Atlanta, Ga., hospital for treatment.

Other cases are pending against Young in the city court and several in Williamson county circuit court. In all Young is under bond to the amount of \$205,000.

The case of Carl Neilson, charged with larceny was called late this afternoon and the work of selecting a jury is expected to occupy a large part of tomorrow. A special venire of 50 men has been ordered to appear tomorrow. Neilson was acquitted late yesterday on a charge of robbery in connection with liquor raids and rioting here February 8.

CLAIMS FARMERS WILL NOT GAIN GREATLY

DES MOINES, Aug. 25.—Estimates that the recent advance in agriculture produce prices will net farmers of the country two billions of dollars are greatly exaggerated, according to O. E. Bradfute, president of the American Farm Bureau Federation who spoke at the farm bureau rally at the state fair here today. The bureau's research department, he said, estimated the farmers would profit by about a quarter of a billion dollars.

President Bradfute said he believed little of the increased income would get into the channels of commerce this year but would be applied to debts incurred during the period of agricultural depression and to back taxes.

The increase, he said, would be felt chiefly in cotton, tobacco and wheat growing states.

"The states of Illinois, Wisconsin, Indiana, Ohio, Michigan and Kentucky," said Mr. Bradfute, "will show a decreased farm income this year. This goes to show that the fight for equal opportunity is not over; that it is just beginning."

CHURCHES WILL OBSERVE NEW ARMISTICE DAY

It is suggested that the churches invite the co-operation of other bodies including chambers of commerce, labor organizations and American Legion posts.

RECEIVERS ARE REQUESTED FOR WILSON PACKERS

Newark Man in Appli- cation States Firm Is Insolvent

TRENTON, N. J., Aug. 25.—Commissioner Edward Maxson of the department of banking and insurance was appointed today as temporary receiver for Wilson & Co., Inc., in bonds of \$25,000. The appointment was made by Vice-Chancellor Backus on application of Maurice I. Klein, of Newark, owner of 25 shares of stock valued at a total of par \$2,500. He alleges the corporation which is engaged in the general packing business is insolvent. Klein asserts that, according to statements issued by the corporation its working capital has shrunk or been diminished from time to time thru losses and other causes.

Chicago, Aug. 25.—Receivership proceedings against Wilson & Co., one of the "big four" packers at Trenton, N. J., today by Maurice I. Klein, a stockholder were very unusual and the principal charge in Klein's petition was false, according to a statement from Thomas E. Wilson, head of the company issued here today. Mr. Wilson who is in New York conferring with bankers regarding a reorganization of the company telegraphed that Klein's assertion in his receivership petition that the June 1 and August 1 interest payments on the company's bonds were in default was not true. On the contrary \$400,000 interest was paid on the convertible 6s on June 1, and \$345,000 was paid on the cumulative 7 1/2s on August 1, Mr. Wilson said. No notice of intention to bring receivership proceedings was given the company, Mr. Wilson said and the company was not represented at the hearing when a temporary receiver was appointed. Klein holds 25 shares of common stock with a par value of \$2,500.

Kansas City, Mo., Aug. 25.—Officials of Wilson & Co., at the Kansas City, Kan., plant said today the receivership would not effect operation of the plant here. Leopold Blaut, general manager of the plant is in Chicago.

The plant here covers 19 acres, employs about 1,750 persons and is second in size only to the Chicago plant.

PARIS, Aug. 25. (AP)—In a letter to Sir Eric Drummond, secretary-general of the league of nations giving adherence to the league's mutual guarantee pact, Premier Herriot first of all lays stress on the close relation between terms of safety and armaments. He lets it be understood that the French government could never take part in a disarmament conference unless guarantees were previously established and formally accepted in principle.

M. Herriot further insists that France could not agree to a disarmament plan of disarmament, that is to say a reduction of armaments, to be followed by a reduction of aerial and other forces. Disarmament must be uniform and simultaneous for all forces.

With regard to Germany the letter maintains that she cannot be permitted to conclude a pact for mutual aid unless she gives adequate guarantees of her sincere intention to fulfill her international obligations.

Contrary to certain other governments the French government formally adheres to eventual condemnation of a policy of aggression. Insists on the duties of international solidarity and justifies the utility of agreements already concluded, the efficacy of which has been contested.

PRINCE OF WALES IS FOOLING ALL OF THEM

ON BOARD THE S. S. BERENGIA, Aug. 25. (AP)—The Prince of Wales is managing to keep much to himself, notwithstanding the eagerness of fellow passengers on the voyage to New York to keep in his proximity. Thus far the prince always has been in earnest conversation with some member of his party when he has appeared in the public rooms or on the decks of the steamer. He has not given any one outside his own party a chance to have a word with him.

The passengers are disappointed at not seeing the prince where they most expected him to be for he has not frequented the ball room nor any of the lounges. Last night the prince dined with members of his party and afterwards retired to his quarters where he played Mah Jongg with his kinsfolk, Lord and Lady Mountbatten.

The prince is continuing on ship board his habit of taking exercise of some kind every morning.

GREAT WEALTH FOUND IN SUNKEN LINER

LONDON, Aug. 25. (AP)—The discovering of an unexpected storing place in the fore part of the liner Laurentic, which has been lying in 90 feet of water since she was sunk by a German submarine in 1917 at the mouth of Lough Swilly, on the Northern Irish Coast has enabled divers to recover 250,000 pounds sterling worth of gold bars which had been given up for lost.

IMPLORES CATHOLIC WOMEN TO VOTE

Allentown, Pa., Aug. 25.—Failure of Catholic women to exercise their constitutional right to vote was criticized by the Very Rev. F. W. Messmer, archbishop of Milwaukee at the business session here today of the conventions of the German Catholics of the United States and Pennsylvania. He declared women, as well as men should take a more active part in political affairs.

The organizations meeting here are Central Verein of America, the Women's Auxiliary, the Young Men's Branch and the State Federation of Pennsylvania.

Mrs. S. C. Woerling of Peoria, Ill., is presiding over the sessions of the auxiliary.

Dawes Pays Visit To Coolidge In Vermont

PLYMOUTH, Vt., Aug. 25.—Charles G. Dawes, Republican vice-presidential candidate visited for two hours today President Coolidge at his father's home here discussing politics, government business—particularly the agricultural situation—European conditions and posing with his host for a battalion of photographers.

For the last fifteen minutes he talked with newspapermen, telling them "in so many words" why he came, what he talked about with the president, and why he wouldn't discuss the reparations situation or the political outlook.

Chucking his pipe to one side of his mouth Mr. Dawes turned suddenly, and before a question could be put to him, banged his fist on the table and said: "First, we did not discuss the Ku Klux Klan question."

"Second, we did discuss the question of agriculture and more particularly the personnel of the commission which the president expects to appoint to investigate agricultural conditions. That's why I came here."

As questions were shot at him from all sides, the nominee puffed vigorously on his briar, replying smilingly with "ask the president; wait until I get on the stump; I don't know, I am no politician," and "I have not been criticised so far for not saying enough."

Finally pressed for a statement on the Klan situation and the reaction to his speech at Augusta in which he announced opposition to the Klan Mr. Dawes declared, pounding a table as he enunciated each word:

"There can be no reaction to the right which is not a right reaction."

Then jumping from his seat and sweeping his hands out he added:

"Regardless of what any politician may say about it, the political outlook in the west seems to be extremely good."

After his newspaper conference, Mr. Dawes returned and said good bye to the president and his family. Mr. Dawes drove to Rutland from where he goes to Chicago.

Mr. Dawes said his discussion today on the European situation was not of a political nature and when asked to discuss it declared he would not do so now or on the "stump" so far as the reparations plan was concerned.

While at Plymouth, C. Bascom Slomp, the president's secretary, handed him a paper to sign certifying the names of the party electors in Pennsylvania, required by law. He did so, John Coolidge, the president's father, acting as notary public, a capacity in which he served here a year ago in administering the oath of office to his son, just after the death of President Harding.

Mr. Dawes drove here from Ludlow, Vt., nearest railroad station in a driving rain.

Rain kept the president indoors most of the day, after he had completed a walk about the farm early in the morning.

FRANCE INSISTS ON DISARMAMENT BEING ENTIRELY UNIFORM

Aerial, and Other Forces Should Reduce, Along With Army

PARIS, Aug. 25. He lets it be understood that the French government could never take part in a disarmament conference unless guarantees were previously established and formally accepted in principle.

KENTUCKY MINERS ARE STILL OUT ON STRIKE

OWENSBORO, Ky., Aug. 25.—Indications that striking union coal miners to the number of approximately 8,000 disregarded an invitation of operators in Muhlenberg, McLean and Ohio counties to return to work today under a wage scale which the strikers had declared was 42 percent below the one in effect April 15, date of the walkout, were given in reports gathered here today. There was no indication that an attempt to operate the mines affected by the strike without side labor would be made.

Lonnie Jackson, president of District No. 23, United Mine Workers of America stated declination of the operators' invitation by the union men was unanimous. "Asked if in his opinion there were prospects of negotiations being resumed between miners and operators, Mr. Jackson replied in the negative."

KLAN LOSES IN DEMOCRAT FIGHT IN OHIO STATE

Anti-Klan Plank For State Platform Is Sought by Many

COLUMBUS, O., Aug. 25. (AP)—Anti Ku Klux Klan Democrats tonight won a sweeping victory in the organization of the state central and executive committees and as a result of their victory it is expected that the Democratic state committee tomorrow will adopt a plank denouncing the Klan organization by name.

By a vote of 13 to 6 Robert T. Scott, of Cambridge was elected chairman of the state central committee over Fred J. Herr, Thomas Dye of Urbana was elected chairman of the state executive committee without opposition. Chairman W. W. Durbin of Kenton, the incumbent, not permitting his name to be presented after the vote on central committee chairman had shown the utter usefulness of it.

The move to oust Chairman Herr and Durbin is understood to have started at the New York convention immediately after Mr. Durbin voted against adoption of the minority platform report which denounced the Klan by name.

Leaders of the anti-Klan faction announced after their victory that they intended to make a determined fight for the adoption of a strong anti Klan plank in the state platform before tomorrow's state convention.

They proposed to incorporate into the plank the exact words of John W. Davis, the national standard bearer in his recent Seagirt, N. J., speech:

"Whenever any organization, no matter what it chooses to be called, whether Ku Klux Klan or any other name, raises the standard of racial or religious hatred as a test of fitness for public office, it does violence to the spirit of American institutions and must be condemned by all who believe in American ideals."

MRS. FERGUSON HAS GOOD PRIMARY LEAD

DALLAS, Texas, Aug. 25.—Returns at 4 P. M., from 232 counties out of 252 in state, 110 complete, show the following totals for candidates in Saturday's primary election:

Governor:	
Ferguson	416,045
Robertson	331,233

TEMPLE, Texas, Aug. 25. (AP)—Suggestions that the nomination of Mrs. Miriam Ferguson as Democratic candidate for governor obligate the state to remove all disqualifications against her husband, James E. Ferguson, former governor, from holding office, were contained in a message she received today. It was because a judgment of impeachment said her husband should not hold public office that Mrs. Ferguson became a candidate.

The suggestion was in a message from James A. Harley, former adjutant general, who said he stood ready to work toward removing the disqualifications against Mrs. Ferguson. He also congratulated Mrs. Ferguson on her success and "resting Texas from the control of secret mob rule."

GERMAN NATIONALISTS OPPOSE REPARATIONS

BERLIN, Aug. 25. (AP)—The German Nationalist Party is opposed to the reparations agreement reached at the London conference and will oppose all measures to put it into effect.

This announcement was made in the Reichstag today by Dr. Hergt, the leader of the party. In his speech Dr. Hergt expressed his party's distrust of the government and severely criticized what he termed its change in attitude at London on the question of evacuation of the Ruhr. He also accused Ramsay MacDonald, the British premier of having changed his views on the subject and appealed to him to reconsider his position.

Acceptance of the Dawes plan, said Dr. Hergt would be a short sighted policy and lamentation would follow acceptance.

CHILD MISSING FOR PAST THREE YEARS IS FINALLY FOUND

Parents Search Thru Twenty Two States Found in Oklahoma

BARTLESVILLE, Okla., Aug. 25.—A four year search that extended to practically every portion of the United States, was ended when Ladina Reed, five years old, was restored to her parents, Mr. and Mrs. Allan Reed, of Sullivan, Ill., from whom she was kidnapped when a baby, it became known here today. The child was found in the home of an Indian couple in Nowata county, southeast of Bartlesville. The Indians said a white man and woman whom they did not know left the little girl with them about two years ago and had never returned for her.

Mr. and Mrs. Reed identified the girl and returned to Sullivan with her last week. The Indians were not held.

Sullivan, Ill., Aug. 25.—From a cell in the Nowata county jail here, Allan Reed, tonight told a story of a three year search for a missing step-daughter that ended successfully in Nowata, Oklahoma, last week.

Reed, a World War veteran, broken in health and facing a charge of grand larceny, said he returned to Sullivan last week with Ladina Reed, the missing child. The happiness over the finding of the child was short lived for Reed, two days after his arrival in Sullivan was arrested charged with the theft of some household goods. He confessed to the charge, according to authorities.

"I spent the little money I had in search for Ladina," Reed said, "and saw her mother worry herself into a nervous breakdown as the search went on."

According to the girl's stepfather, it was three years ago he permitted Ladina to visit a family on a farm in Shelby county known as J. O. Betchers. The visit was to last a week. The Betchers disappeared before the week ended and for three years the Reed's traveled into 22 states in search of the missing child.

Late in July according to Reed he met a granddaughter of the Betchers who told him Ladina was left with an Indian family in Nowata, Okla. Reed sold his household goods and drove overland to Oklahoma, found the girl and brought her back. What legal methods he employed to gain custody of the child in Nowata, Reed refused to say.

LOUISIANA MEASURE FOR KLAN CONTROL CANNOT BE ENFORCED

Officers in State Dismissed —Names Cannot Now Be Divulged

NEW ORLEANS, La., Aug. 25. (AP)—There are no officials of the Ku Klux Klan in Louisiana, therefore there will be no one who can be held legally responsible when that organization fails to file a list of members with the secretary of state in December in accordance with the law passed by the recent legislature, the Times Picayune will say tomorrow. The klansman are laughing at the article, the article comes four weeks ago came to Louisiana and discharged the grand dragon and the three titans and placed the state organization in control of a triumvirate, who cannot be construed as officials under the law.

And even if some member of the Klan wished to file the list with the secretary of state he would find the task difficult as the only official Atlanta.

The Louisiana law requires that members of all fraternal or secret societies shall be filed annually with the secretary of state.

At the same time Wing Commander Calderara, air attaché of the Italian embassy, in a message to Lieutenant Marescalchi of the Italian navy, who is a guest aboard the cruiser Richmond, extended the thanks of Italian aviation to Rear-Admiral Magruder and the officers and enlisted men for their rescue of Lieutenant Locatelli.

According to a tentative schedule worked out by air service officers, the American fliers, commanded by Lieutenant Smith, expected to leave Ivigtut tomorrow on the flight that will land them again on the North American continent. It is regarded as certain that the fliers will go direct to Indian Harbor, Labrador, from Ivigtut, where they will take on fuel, and in all probability then jump to Cartwright Harbor where anchor buoys have been prepared for them.

EVERYONE JOYOUS OVER FINDING OF LIEUT. LOCATELLI

ABOARD U. S. S. RICHMOND, Aug. 25. (AP)—Lieutenants Smith and Nelson, the American army world aviators, notified Rear Admiral Magruder, commander of the conveying squadron today that they expected to leave Thursday for their flight from Greenland to Labrador, after changing engines.

ON BOARD U. S. S. RICHMOND, OFF GREENLAND, Aug. 25. (AP)—The United States cruiser Richmond, after being tossed about on the bleak North Atlantic ocean for 82 hours and after hope had been given up for the safety of Lieutenant Locatelli, the Italian aviator and his three companions, picked up the missing plane shortly before midnight Sunday.

All the members of the party were well, but were exhausted from the trying ordeal thru which they had passed. Locatelli's plane was damaged beyond repair and it was destroyed by fire. The cruiser with Locatelli and his companions on board is proceeding toward Labrador to re-enter the naval patrol for the continuation of the flight of Lieutenants Lowell H. Smith and Erik Nelson from Ivigtut to Labrador.

Locatelli, who started from Iceland to Greenland last Thursday with Lieutenants Smith and Nelson, was forced down by motor trouble at 2 o'clock Thursday afternoon. After repairs had been made to the plane Locatelli was unable to make a takeoff from the water. The plane drifted from the point near the Labrador Coast where it came down in the water and was found 125 miles due east of Cape Farewell, the southernmost tip of Greenland.

The discovery of the damaged plane was due to Signalman Willis Pinkston, who from the bridge of the Richmond caught sight of green flares sent up from the plane. The flares were repeated at intervals and the Richmond was able to steer her course toward them and finally ran alongside and took off Locatelli and his companions.

WASHINGTON, Aug. 25. (AP)—Although details of the flight of the American world fliers from Fredericksburg to Ivigtut, Greenland, still were awaited with interest by officials here tonight, reports from the cruiser Raleigh that Lieutenant Antonio Locatelli, missing Italian aviator had been found uninjured and taken aboard the cruiser Richmond served to give the world fliers' situation a brighter outlook. Regret that the Italian flier had been compelled by engine trouble to land at sea, and his chances of continuing with the American aviators had been destroyed, was expressed by Major General Patrick, chief of the army air service, who at the same time declared that the incident, regrettable tho it was, had been overshadowed by the relief felt by all officials when advices were received reporting the rescue of Lieutenant Locatelli. For this happy circumstance, General Patrick added, the navy deserved all the credit.

At the same time Wing Commander Calderara, air attaché of the Italian embassy, in a message to Lieutenant Marescalchi of the Italian navy, who is a guest aboard the cruiser Richmond, extended the thanks of Italian aviation to Rear-Admiral Magruder and the officers and enlisted men for their rescue of Lieutenant Locatelli.

According to a tentative schedule worked out by air service officers, the American fliers, commanded by Lieutenant Smith, expected to leave Ivigtut tomorrow on the flight that will land them again on the North American continent. It is regarded as certain that the fliers will go direct to Indian Harbor, Labrador, from Ivigtut, where they will take on fuel, and in all probability then jump to Cartwright Harbor where anchor buoys have been prepared for them.

from the small shop and private home to the great business block and public building.

A good-looking building, in which suitability to purpose is combined with harmonious lines and ornamentation, is found to have a steady effect on values in both residential and commercial districts. And in addition to all these tangible benefits there are other satisfactions to the eyes and minds of residents and visitors which the ugly city cannot give.

Undoubtedly the appreciation of beautiful cities and the realization of their possibility will increase rather than diminish in the coming years.

WHICH RACE IS SUPERIOR?

BY ALBERT APPLE

Most of the big wars for centuries have been business clashes or conflicts of political systems such as democracy arraying itself against monarchy.

The world hasn't had a real racial war since the Chinese and Mohammedan invasions of Europe.

But the next big war may be a collision of races.

So runs the talk in scientific circles.

A thousand years ago the white race ruled only part of Europe. Now the whites rule eight-ninths of the habitable world, though they form only a third of the world's population.

But the various colored races are multiplying rapidly. The white race, despite its near-slaughter in the World War, and despite the spread of birth control, is increasing though not nearly as fast as blacks, yellows and browns.

"Increased inequality in numbers means, in a democratic age, an inevitable transfer of power," warns Professor J. W. Gregory.

Which is the superior race? Every race steps forward and answers, "We are." Truth is, it depends on the date. Chinese had a great civilization when Europeans were wearing wild animal skins and hunting with a club.

Right now the whites unquestionably are superior—in wealth, invention, arts and sciences. Time may change our standing. All civilizations decay, as surely as petals fall from the blooming rose.

Felix von Luschan in his latest book writes: "The differences between races, especially those regarding intellectual and moral qualities, are by no means as great as the differences between single individuals belonging to the same race. There are no inferior races, but each race has its inferior individuals."

He might have added that the main difference between

racism is that they are in different stages of evolution, just as the habitual criminal is thousands of years behind the average law-abiding citizen, in evolution. He belongs back in the Stone Age. And Stone Age methods are the medicine he understands.

A lot of people were out of work and a lot more had their incomes reduced between March 1 and July 15. But during this period deposits increased 1250 million dollars in the banks reporting to the Federal Reserve System.

At first thought this indicates that people save more when times are dull and money scarce. But it comes to light that 700 millions of the gain was in New York City banks and represents chiefly foreign made deposits and funds that couldn't be loaned at home by out-of-town banks not members of the Federal Reserve. Nothing is as misleading as figures. They always mean at least two things, often contradictory.

Woman's crowning glory, long hair, is doomed—never to return. So predicts Signor Pietro Raspanti, who claims his shears hopped the first head—a claim that will make hopped-haired ancient Egyptian mummies laugh in their graves.

Raspanti is a cunning psychologist, though. He thinks, and with good reason, that hopped hair will survive because "it takes 10 years of the owner's looks." Is the average woman more interesting in looking young and pretty? Page Socrates.

Better England, at least, is getting back to normal employment. Her organized workers are 92 percent employed, trades unions report. Unorganized workers still form a huge army.

Unemployment figures will tell you more about European conditions than all the experts and investigators combined. Europe working is Europe rebuilding.

STORE AT HILLVIEW IS BURGLARIZED

About \$600 Worth of Goods Removed from Martin Store at Hillview Friday Night.

White Hall, Aug. 25.—Goods to the amount of approximately \$600 were removed from Robert Martin's store at Hillview Friday night between 9 and 10 o'clock, according to word from there today. Entrance was effected through a skylight over the store of W. E. Clark, the two stores being divided by a door that once was used as one store in the two rooms. Little was disturbed in the Clark Store. The robbery occurred while the citizens were attending the chautauqua, and the first report of a robbery came at 11:40 p. m. when a conductor of an east bound freight on the C. & A. discovered some loot under a freight car just south of the overhead bridge in the lower part of town. His discovery caused an investigation by the merchant time the loot had been removed with the exception of some small articles.

Further investigation led to the Martin store. It was evident that the goods had been carried from the store through the darkness, and it was disclosed that parties had been seen in the store by passers during 9 and 9:30 o'clock, the store being lighted by a 50cp light that seemed to have been suspended from a robbery was in progress. One shoe was found on top of a freight car when the train reached Roodhouse. It is believed that the loot is cached at no great distance from the scene of the robbery.

Friday night closed the Cadman Chautauqua at Hillview with a surplus of about \$200 and a guarantee was signed for the attraction again next year.

FINAL SESSION OF CHAUTAUQUA SUNDAY

Fess and Lewis Deliver Notable Addresses and Community Band Gives Two Fine Concerts.

With one of the most brilliant and scholarly lectures of the season by U. S. Senator Simeon D. Fess of Ohio, the Jacksonville chautauqua closed its sessions Sunday night. The attendance was practically as large as that of Friday night, when all records in the history of the local chautauqua were broken.

The Jacksonville Community Band gave two splendid concerts Sunday, furnishing the music for the afternoon and evening programs. A concert of sacred music was the band's contribution for the afternoon, which earned much appreciative applause. In the evening during its closing remarks, the platform manager, H. H. Bancroft, spoke in high praise of the band, and there were also many compliments paid the members by individuals in the audience. The director, J. Bart Johnson, responded briefly to Mr. Bancroft's remarks, and the audience gave the band and its director a rousing chautauqua salute.

The lecture by Senator Fess on "The European Situation," was heard with great interest by the audience. He gave an excellent analysis of the economic conditions in England and France which have brought the old world to its present ruined state.

England and France, he explained, is an overseas commercial power and must have open doors in every country, open markets, a large merchant marine, a high grade of maritime insurance, a large navy, etc. Eighty percent of her activity is based on foreign commerce. England is therefore desirous that Germany shall revive, in order to resume her trade relations with Britain.

France, on the other hand, is not an overseas power. Eighty percent of her activity is agricultural. She cares nothing for open doors or for revival of markets. Her only desire is that Germany shall not revive; for she fears invasion and the terrorism, which she believes lurks across the Rhine.

Here, then is a clash of interests, which has caused the failure of every conference called in Europe since the rise of the big problem shortly after the close of the war. The Dawes report, which furnishes the only ray of hope for Europe's economic recovery, is now before the parliament of the great powers for acceptance or rejection. It is the belief of Senator Fess that the report of the reparations subcommittee has not been accepted, as Europe at present has no other leg on which she can stand.

Dr. Lewis Speaks In addition to the band concert in the afternoon, Prof. Garnett Hedge sang a sacred solo. A quartet number was given by Prof. Hedge, Miss Helen Wyle, Mrs. Carl Robinson and C. W. Cornick.

Dr. William Mather Lewis, president of George Washington University at the national capital, delivered a fine address on "The Investment of Human Capital." Dr. Lewis named the greatest industry in the country, the one in which more people are employed than in any other—education. He stated that fully one third of the 110,000,000 in the United States are pursuing some form of education. There are 22,000,000 children in our grade and high schools, who are taught by 800,000 teachers. There are at least half a million students in colleges and universities and hundreds of thousands more are taking correspondence courses.

The reason for this great devotion to education is explained by the progress we have made in saving labor. Year by year more people are driven to seek new employment or to learn new things to do. The job of loading coal into a ship once took 86 men, where now it takes four to operate the mechanical device that does the work. We are trying always to invent something to save time and labor.

The speaker next asked the question, "What do we do with the time we save?" Part of it is used no doubt in education; but there is a vast surplus that is practically wasted in hurry and worry in the effort to live at a high nervous tension. The speaker recommended a "grandfather's day," in which we should take one day of the year and think. It has been suggested that the day be spent on some hillside close to nature, where we could whittle all day long and meditate, as our grandfathers used to do.

Fundamental Things Dr. Lewis then entered into a discussion of the things children should be taught. He suggested first that they receive the fundamentals, and that illiteracy be wiped out in America, not only by teaching the children to read and write, but by a systematic effort to educate the great mass of adults who are illiterate.

Fully three millions illiterates in this country have the ballot, and it is highly important that these people be taught to read and write and to intelligently use the English language. Dr. Lewis spoke a good word for the literacy test now applied to immigrants.

The speaker next said that children should be taught more wholesome patriotism, and finally that they should be given an appreciation of the value of cour-

age in the commonplace incidents of life. The peak of reconstruction following the world war has not yet been reached, and may not be reached for another twenty years. The burden is then to fall on the boys and girls of today and they must be prepared to meet it. They must be given an appreciation of home, of discipline, of manliness, of the courage of the common-place.

How to build up your Weight

Increase your Red-Blood-Cells. That's the sure way; S.S.S. builds Blood-Cells; this means strength!

Do you know why insurance companies refuse to insure a great many men because they are under weight? Simply because to be under weight often proves low fight

Only well-developed, healthy men and women enjoy the best life. It often means you are minus nerve-power, minus red-cells in your blood, minus health, minus energy, minus vitality. It is serious to be minus, but the moment you increase the number of your red-blood-cells, you begin to become plus. That's why S. S. S., since 1923, has meant to thousands of underweight men and women, a plus in their strength. Hollow cheeks fill out. You stop being a calamity-looker. You inspire confidence. Your body fills to the point of power, your flesh becomes firmer, the age lines that come from thinness disappear. You look younger, firmer, happier, and you feel it, too, all over your body. More red-blood-cells! S. S. S. will build them. Take S. S. S. It contains only pure vegetable medicinal ingredients. S. S. S. is sold at all good drug stores. The large size is more economical.

S.S.S. makes you feel like yourself again

DARROW CLOSES ELOQUENT PLEA FOR LENIENCY

(Continued from Page One) violation of the policy of the law and the spirit of humanity."

"Some day another judge may hang a boy of 17, or 15 or even 14," he added. "The attorney denounced as 'poisoned perjury' the testimony given by one of the investigators for the state's attorney that Leopold, shortly after his arrest, had expressed a hope of escaping the punishment by 'pleading guilty before a friendly judge.' Mr. Darrow said he mentioned this because he wished Judge Caverly to know that the defense had every confidence in him.

Sheds Tears There were tears in Mr. Darrow's eyes as, with quivering voice, he pictured the crumbling hopes of the parents of the boys and the effect of the crime upon the future generations of their families. His voice broke again when he reached his peroration. "I know," he said, "that your honor stands between the future and the past. For me, the future means the hopes of the young. I plead for life, charity, kindness, sympathy and an understanding. And the future is with me.

"My greatest reward, hope, and compensation, will be that I have done something for the tens of thousands of boys who must follow the path these two young Jews have trod."

In a stillness that was broken but not even the muffled clicking of "silent" typewriters or telegraph instruments in the press seats Mr. Darrow added this verse from Omar Khayyam: "So I be written in the book of love."

"I do not care about that book

"Erase by name, or write it as you will."

"So I be written in the book of Love."

Robert E. Crowe, state's attorney and Benjamin Bachrach, who is to start the final argument for defense tomorrow agreed with Judge Caverly that it was time to adjourn.

CHAPIN ORCHESTRA TO RESUME CONCERTS

The Chapin community orchestra will give their second series of concerts on the main street in Chapin, starting next Saturday evening, August 30.

The first series proved a great success as well as a great benefit to the village. Chapin residents hope that the concerts will be well attended and that the people will show their appreciation by the further support of the orchestra.

Such an organization is certainly an asset to any town or community and must be boosted in order that it may continue to benefit the community.

The fish and chicken fry which was given recently by the orchestra was a decided success in every way. This was made possible only by the help of the community. For this the orchestra is great indebted to all those who assisted.

BEGIN ERECTION OF COUNTY FAIR TENTS

Work of erecting the numerous tents on the county fair grounds will begin at 7 o'clock this morning. The men from the Armbruster company are in the city to supervise the work, and ten local men will be employed for several days on the job. The big tents will be erected first.

Concession space on the grounds is being rapidly sold. The utilities company is erecting a line of new poles in the grounds, in order to avoid putting the additional wiring on trees. These poles will be painted green and white, which is the general color scheme being used in the painting of fences, buildings and other objects on the grounds.

A gate is being made at the west end of the grandstand to permit entrance from both sides. Additional guard rails are being placed in the stand to insure greater safety of the occupants. The grounds are beginning to assume a very attractive appearance under the brushes of the decorators and painters.

Entries continue to pour into fair headquarters in a steady stream, indicating that the exhibit this year will be the largest in the history of the fair. An additional tent will be placed at once to house more race horses, which are rapidly filling all available stable room.

ADDITION TO LIST

Persons resident in the Chapin community who desire to enter their children in the Better Baby conference at the county fair, may obtain the necessary blanks from Miss Amy Onken.

Child-birth

Good news for Expectant Mothers
When the little one arrives you can have that moment free from suffering than you have perhaps imagined. An eminent physician, expert in this science, has shown the way. It was he who first produced the great rubbing preparation called "Mother's Friend." Results from the use of "Mother's Friend" are proven by many startling letters of testimony from happy users. "I can almost say my baby was born without pain," writes a young mother who had used "Mother's Friend." "Mother's Friend" is applied externally. It has been used by three generations of expectant mothers. Start using it today, and meanwhile write to Bradfield Regulator Co., P.O. 18, Atlanta, Ga., for free valuable book containing information every expectant mother should have. "Mother's Friend" is sold by all good drug stores.

and the honors will be awarded by Miss Una Chappell, the Camp Fire Guardian. Further plans for the two plays which are being considered by the Wohese, will be made.

FUNERALS

Carter

Funeral services for Louis R. Carter were held at 1:30 o'clock Sunday afternoon at the residence of his son, W. E. Carter in the Grace Chapel neighborhood. Services were conducted by Rev. C. E. Ritchie of Concord. Music was furnished by Spencer Smith, Mrs. Bonnie Brown and Mrs. Harry Brainer.

The floral offerings were cared for by Mrs. Milton Smith and Mrs. Spencer Smith. The bearers were Oscar Bridgeman, Walter Mason, George W. Smith, George Wester, Clifford Wiswell and J. O. Kennedy. Interment took place in the Beardstown east cemetery.

Coover

Funeral services for Mrs. P. V. Coover were held at 3:30 o'clock yesterday afternoon from the residence of Dr. A. R. Gregory on South Main street. There was a large attendance, and the floral tributes were unusually handsome. Rev. W. H. Marbach, pastor of State street Presbyterian church of which Mrs. Coover was a member spoke in a very impressive way. Miss Fern Haigh, accompanied by Miss Ruth Bradley, sang, "Beautiful Isle of Somewhere."

The flowers were cared for by Miss Grace Cook, Miss Margaret Tomlinson, Misses Rachel and Harriet Hall, Mrs. Marion Hall Nording, Miss Catherine Parker, Miss Catherine Burd and Mrs. Elizabeth Burd Smith.

The bearers were Thomas Buckthorpe, Dr. Robert Buckthorpe, Albert Hall, William Goebel, John L. Johnson and Walter Crawford. Interment was in Diamond Grove cemetery.

Rev. Mr. Marbach used as the theme of his discourse John 6:68, "To whom shall we go? Thou alone hath the words of eternal life." The minister said in part, "In a time of sorrow and bereavement like this we naturally turn to God for comfort. Our friends are a source of great comfort in the time of sorrow, but at such a time we feel the need of something more than human comfort."

"To whom shall we go for guidance in our perplexity? We lose our way and do not know in which direction to turn. To whom shall we go but to Christ as our guide? To whom shall we go for strength in our time of weakness, when we feel our impotence and our inability to cope with life's storms? In a time like this God gives us strength to carry the load."

"To whom shall we go for hope? The human heart is always hopeful, even in the midst of what seems darkest despair. The greatest of our hopes is immortality, the belief that we shall some day meet our loved ones again."

BIG DANCE NICHOLS' PARK WEDNESDAY NIGHT

PETERSBURG-INDEES GAME IS CANCELLED

The weather man held out the sign, "No Game—Wet Grounds," Sunday at South Side Park, cancelling the scheduled tilt between the Petersburg Merchants and Frank Smith's Indies.

At 8 o'clock that morning the Petersburg manager phoned Smith that it was raining cats and dogs there and that there did not seem much hopes of a let-up, so it was agreed to cancel the game and play it off some time in September. As graders have been at work the past week on the road directly in front of the park the road would have been almost impassable for autos and spectators would have had to park their cars quite a distance from the park. The Indies have only had to call off two games this season on account of the activities of Old up. Plus, the exhibition game at the opening of the season with Bloomington which went for two frames and the contest Sunday.

Smith is making very determined statements regarding the two games Sunday and Monday with Beardstown; in spite of the fact that the Indies have fallen each time the two teams have met. Frank insists that the locals will take both of the coming contests. Beardstown is breezing along, winning them as they go, and the Indies may well be proud of themselves if they take both tilts, as the boys from the river town believe that they have the Indies' goal safely under lock-and-key. Smith is not yet ready to announce the batteries for the coming games.

Earl Smith drove a home run over the right field wall off Oeschger's delivery.

RED SOX TAME TIGERS IN ELEVEN INNINGS

BOSTON, Aug. 25.—Boston batted 11 innings against Detroit here today to win 4 to 3. Des Moines, Iowa, Aug. 25.—Delena Harvester driven by Thomas and owned by W. H. Kivits of Terre Haute, Ind., won the American trotting association futurity and a purse of \$4,320.64 in three straight heats at the Iowa State Fair race track today. THREE CARDINALS ARE ON INJURED LIST

ST. LOUIS, Mo., Aug. 25.—The Cardinal's double victory over the Brooklyn Dodgers Sunday proved costly in that three players were placed on the injured list. Leo Dickerman, pitcher, while batting in the second inning stopped a pitched ball with his left arm and suffered fracture of the ulna bone which will probably mean his loss for the rest of the season.

Jimmy Cooney, shortstop, dislocated his thumb while tagging out a base runner at third and will be out of the game for at least 10 days. Roscoe Holm, outfielder was forced from the game when he fractured a small bone in his ankle. Another member of the squad, Howard Freigan, was operated on today for bloodpoisoning.

JUNIOR CHAMPION ELIMINATES WILLIAMS

FORREST HILLS, Aug. 25.—(AP)—A new star appeared in the tennis firmament today when George Lott, Jr., 17 year old Chicago school boy who holds the national junior championship eliminated R. Norris Williams II, of Philadelphia, twice former title holder, in a sensational upset marking the opening day of play in the national men's singles championship. The western youth took four sets to win, 6-1, 6-1, 1-6, 6-4, and though Williams, favoring an ankle twisted in the Olympics was obviously not at his best, he gained his triumph impressively and with the most spectacular sort of tennis.

Market Report

By The Associated Press

WHEAT HIGHER, CORN AND OATS UNSTEADY

CHICAGO, Aug. 25.—Wheat
rallied sharply today with the
absorption of offerings in the pit
and prices which had hit the
downward earlier in the session
reversed their course and ad-
vanced to well above Saturday's
finish. At the close wheat was
1/2 to 1 1/4 higher with September
1 1/2 to 1 3/4 and December
1 1/2 to 1 3/4. Corn was 1/4
lower to 1 1/4 higher, oats un-
changed to 1/4 up and provisions
ranged from 2 1/2 loss to fifty
cents gain.
Renewed liquidation brought
a sharp decline in wheat values
early following a firm start on
reported strength in Liverpool,
but after the selling spent its
force the market here reacted
with considerable buying of the
September delivery. This credit
was given to houses with export
connections. Some large figures
were mentioned as to amounts of
wheat sold during the day and
while there was considerable
buying by seaboard interests and
cash houses accurate estimates
could not be made. Corn and
oats likewise were affected by
liquidation, prices of corn declin-
ing more than 3¢ in some in-
stances only to recover in the lat-
ter trading. Weather conditions
were favorable for the growth of
corn and for threshing of oats,
the movement in the latter in-
creasing rapidly.
Provisions broke sharply on
selling of lard by commission
houses.
There was good support on the
break and a rally ensued.

NUMEROUS FRIENDS WELCOME DR. LEWIS

Former Whipple Principal and Instructor at I. C. Graduated in City Sunday—Is President of Big University.

Dr. William Mather Lewis, who lectured at the chautauqua Sunday afternoon, was welcomed by a large number of friends and acquaintances, who knew him as principal of Whipple Academy and instructor in English at Illinois college twenty-one years ago. Dr. Lewis was a resident of this city from 1900 to 1903. Several former students of Illinois college, who had him as an instructor, greeted him Sunday.

Since he left Jacksonville, Dr. Lewis has risen to a high station in the American circles of education, now being president of George Washington University at Washington, D. C. After leaving this city, he went to Lake Forest college where he was instructor and head master for more than ten years. He then travelled abroad, studying in a number of European institutions of higher learning.

At the beginning of the world war, Dr. Lewis entered the employ of the treasury department and was placed at the head of the theft stamp bureau. It was under his direction and supervision that the nation-wide campaigns for the sale of theft stamps were made. For more than a year now Dr. Lewis has been president of George Washington University. During the regular college terms, this institution has an enrollment of 5,300 students, and the summer school accommodates 1,600. One of the striking things about the university is the large number of government employees who pursue courses of study along with their work. Fully 3,500 students come to the instructors after five o'clock in the evening, at the close of their working hours. Classes are conducted from 5 to 7 o'clock, and there are enough instructors to care for the large number who attend classes at these hours.

The university offers opportunities for young people who

wish to engage in foreign trade and to enter the consular and diplomatic service of the government.

MORE PLANS FOR MEREDOSIA TRIP

The "On to Meredosia" committee met last night at the Chamber of Commerce and perfected plans for the trip to the Meredosia homecoming next Thursday. It was decided that the Community band will give a short concert on the square before starting, and that it will leave in an appropriately decorated truck about forty minutes ahead of the main delegation. The pilot car will be the gray roadster owned by H. K. Snyder and will be properly equipped. It will take its place at the corner of West Court and North West streets, headed west. All cars in the procession will line up on both sides of Court st., behind the pilot car.

Each car in the procession will be decorated with two American flags, a streamer for the windshield and a banner for the rear of the car.

CHARLES ANDERSON IS AGAIN UNDER ARREST

Sheriff's forces last night arrested Charles Anderson in his car on North Sandy street in front of the Coultas lunch room. Anderson is said to have been intoxicated and officers report finding about a pint of liquor in his machine. He was given a hearing and released on \$200 bond. The case was set for trial on Monday, September 8.

RAID CRAP GAMES AT PARK SUNDAY NIGHT

Officers Round Up Fourteen Lads at Midnight on South Side—Are Given Lecture and Released on Good Behavior.

Excitement reigned in Nichols park at midnight Sunday when two deputy sheriffs and the night watchman on the chautauqua grounds raided two dice games in progress near the hedge at the extreme south side of the park. Fourteen lads, many of them campers on the grounds, were rounded up and taken across the grounds to an electric arc lamp where their names and addresses were taken. The boys were given to understand by the officers and Rev. W. E. Spoonst, who was summoned from his tent, that the incident would be held against them and if they were ever involved in more trouble, they would be given the limit of the law. With this warning, the boys were released.

The raid was conducted by Deputies Strawn and Pires and Night Watchman Moore. The boys were found in two groups not far apart, operating two games of dice. They were circled about blankets spread on the ground and used candles for light. When approached by the officers, one group scattered but not before its members had been recognized. The other group fired into the air and the boys in the other group became frightened and stayed. Their dice, a small amount of money on the blanket, and the blanket itself were seized as evidence. When the first group disbanded so suddenly, the boys threw away the evidences of their game.

TOURISTS MAY CROSS FERRY AT FLORENCE

It was recently reported that on account of high water it was almost impossible to cross the ferry at Florence and that the detour in Pike county was in a terrible condition. Charles M. Strawn now reports that crossing may be made handily now at the old ferry crossing south of the hard road as the road at the regular crossing is still covered with water. He states that since the removal of the ferry boat to the old location which took a matter of four or five hours, there should be no cause for serious delay.

Regarding the detour in Pike county, Mr. Strawn said that it is encountered just after leaving the ferry boat, to the left around the hill and that it extends but a distance of about two miles before the hard road again begins. The new stretch of hard road is now in and should be ready for use in about twenty days.

LOCAL QUARTETTE FILLS CONCERT DATE

Four Jacksonville singers, composing a mixed quartette with Mrs. Carl Robinson, Miss Helen Wyle, C. W. Corrick, and Professor Garnett Hedge, gave the final concert of the Chautauqua season at White Hall Sunday night, taking the place of the Italian Band, who were detained by the impassable roads resulting from Sunday's rain, and were unable to fulfill their Chautauqua engagement.

The Jacksonville singers received the request from the White Hall chautauqua authorities to fill the engagement, at six o'clock Sunday evening, following a full afternoon, when they entertained at the Chautauqua program at Nichols park. They made the trip by motor, presenting a successful program before the hundreds of people who composed the Chautauqua audience, who received their concert with pleasure and praise.

The quartette was accompanied by Willard Wesner, pianist.

Local Bookfellow Invites Chicago Author to Jacksonville For Public Address.

George Steele Seymour, Chicago author and magazine contributor, was invited by the Jacksonville circle of the Order of Bookfellow Monday evening to come here on Sunday, September 7, and give a public lecture on some phase of contemporary literature. The meeting will be held at the Jacksonville Public Library at 2:30 in the afternoon, and will be open to the public, without charge. The exact topic for the address will be announced later.

The invitation to Mr. Seymour was extended at a Bookfellow meeting held at the public library. As this was the first meeting of the local organization temporary officers were chosen. There were John Kearns, chairman, and Margaret K. Moore, secretary. It was voted to hold regular meetings at the public library on the first and third Tuesday evenings of each month at 7 p. m.

The objects of the Jacksonville Bookfellow circle, as adopted Monday evening, are: (1) to study contemporary literature, (2) to co-operate with the Journal in the publication of its Saturday book page, and (3) to encourage the development of literary talent in the community. The members voted last night to sanction the Journal's centennial anthology of Jacksonville poets, which is now in press.

The Order of Bookfellow is an international association of readers and writers, founded five years ago, with headquarters in Chicago. The organization publishes non-commercially books and brochures in limited editions with the object of furthering the production of good literature in beautiful dress at reasonable prices. The official organ of the order is The Step Ladder, a monthly journal of booky aspect. The annual feast of the Bookfellow is held in Chicago in May.

The barn was insured for the greater part of its value, but the loss on the contents will be approximately \$1,000. It was a well built structure, 50 by 70 feet in dimensions.

MOVEMENT AFOOT TO FORM COUNTRY CLUB

City Council Passes Resolution Authorizing Lease of City Land for Club Purposes—To Secure Land From County by Purchase—Park Board Favors Project—Will Mean Expenditure of Big Sum and New City Development.

The City Council at a special meeting last night, authorized the leasing of twenty-three acres of land in the northeast corner of Mauvaisterre park to a group of citizens for use as country club grounds. The citizens have also secured from the county board of Commissioners an option to purchase twenty-five acres of the land now owned by the county as a part of the Tuberculosis Sanatorium tract. The contract has also been approved by the sanatorium board.

The question of securing additional golf grounds has been under consideration by players for months past. Especial interest in golf and the large number of players using the municipal nine hole course. Because of the congestion on certain days of the week, there are many players who are unable to use the course.

Another factor which has led to the proposal for new links is that there is real danger in the close proximity of players which often exists on the municipal course, because of the many interested in this sport.

Plan Explained

The subject was presented to the council last night by Judge H. P. Samuel, representing a group of citizens. He explained that the plan is to develop land purchased from the county and land leased from the city, into a country club. Mr. West who is making the city plan for Jacksonville, has already been consulted and will include the proposed club grounds in his plans.

The proposed grounds will be reached from the Victory-Memorial drive from the hard road and it is to be expected that those interested in the project will include in their plans the development of the drive, at least from the hard road to the club grounds.

The city council after hearing the statement of the purposes and also receiving a resolution adopted by the park board, approving the project and asking that the land be leased, voted unanimously in favor of the project.

By the terms of the lease the city is to receive a rental of \$11 an acre for the land used for a period of 25 years. The lease carries a retroactive clause, which provides that if the land is abandoned as a country club it shall revert to the city.

There is also a clause in the contract of the county board providing that if the land now under option is purchased from the board and ceases to be used for a country club, that the county shall have then the right to buy it back at the original purchase price. The option for the purchase of the county land is in the name of T. A. Chapin.

It was stated that the members of the park board were in favor of the lease, not only because of the congestion of the players in the municipal course, but especially from the fact that the board has no funds available for the development of Mauvaisterre park and sees no prospect of securing such funds.

Will Invest Big Sum

It is the expectation of citizens interested in the movement to spend from \$45,000 to \$50,000 in providing the club grounds and building. The plot leased is Mauvaisterre park and does not adjoin the lake. This means that Victory Drive when completed will be between the country club and the lake. The park board in approving the lease proposal, asked that the money paid as rental be used for park purposes and the council agreed to this proposal.

The committee, consisting of Judge Samuel, J. C. Lukeman and Harrison King, went before the park board in a meeting yesterday morning and explained the plan. The resolution passed by the council authorizes the leasing of the city land to H. P. Samuel and J. C. Lukeman as trustees for the club, which has not as yet been formed.

Judge Samuel, Mr. King and Mrs. Lukeman are members of a committee of the Chamber of Commerce, appointed to foster the organization of a country club and grounds and the project now under way has the sanction of the Chamber of Commerce. In fact, the securing of such a club is one of the items on the Chamber of Commerce program of work.

PONTIUS SPEAKS ON DAWN OF A NEW AGE

"The Dawn of a New Age," was the topic discussed by the Rev. Dr. Myron L. Pontius in preaching at the union service at State Street Presbyterian church Sunday morning. The sermon was based upon a text taken from Revelation 21:5, "Behold I make all things new." The service was presided over by the Rev. C. D. Robertson. Dr. Joseph R. Harker led in prayer.

"Twentieth Century Christian civilization," said Dr. Pontius, "is peculiarly distinct. With its inventions, achievements, prosperity, and progress, the Twentieth Century civilization differs from all preceding civilizations. Ours is not merely an age of reconstruction following a world convulsion; ours is an age of transition which affects each thought and act of man."

"One hundred years ago a service like this one would have been impossible. Today we meet in recognizing one Christ and in studying one Bible, and in understanding that each individual has the pleasure and privilege of making his own interpretation and application of the verities of the Christian religion in his life and experience."
